## Protective Services

No matter where you are or what risk your organization faces, we can help. We deploy protection agents. We create and execute travel risk management plans (including secure transportation). We provide support for special events.

Our security experts have decades of experience, often including military and law enforcement backgrounds from around the globe. We can perform custom protection assessments (including for workplace violence) and can assist with developing and training your personnel according to your needs. We also provide monitoring, incident response and crisis management consulting.

- Protection Agents
- Travel Risk Management
- Secure Transportation
- Global Special Event Support
- Risk Assessments
- Workplace Violence Mitigation
- Training
- Threat Monitoring
- Crisis Management Response

## Risk Operations Center & Intelligence Services

Information provides advantage. Our world-class intelligence analysts use a state-of-the-art intelligence operations center to gather, monitor and provide you with the information you need to stay ahead of risks.

Whether your high-value asset is being transported across the globe, your brand is trending on social media, or a crisis is developing somewhere, our team can provide you with timely data and alerts so that you can make the best decision quickly.

- Intelligence Analysts
- Situational Awareness Monitoring
- Social Media Monitoring
- Travel Risk Intelligence
- Global Crisis Management Support
- Intelligence Services
- Deep Web & Dark Web Monitoring

## Corporate Investigations

Let us find the facts for you. Our experienced team uses the latest investigative techniques and equipment to handle complex matters involving due diligence, workplace violence, theft, fraud and loss.

We have unique expertise in investigating intellectual property issues. This includes investigating stolen data, research and development, proprietary information, espionage and counterfeit products.

- Due Diligence

- Cyber

## Risk Consulting

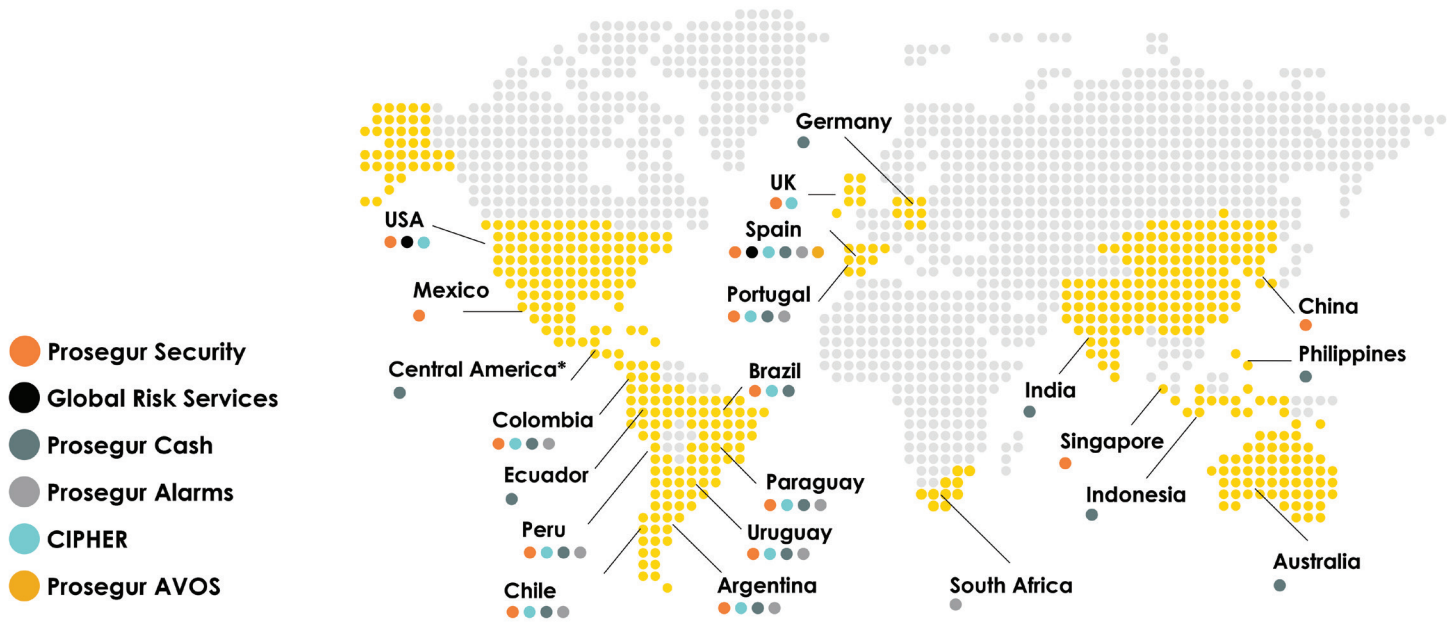

Reduce your exposure. Our professionals can provide comprehensive assessments of your facilities, assets and personnel, no matter where they are located.

From physical penetration testing, to executing security audits and surveys, to developing and deploying organizational security policies, we can help your organization boost its security posture through best practices and superior risk mitigation planning.

- Risk Assessments
